### FAURE PRAISES THE ARMY.

Paris, Sept. 17.—President Faure, at the conclusion of the army maneuvers yesterday, had luncheon with the officers, drank to the honor of the army, and made a speech, in the course of which, after praising the tactical knowledge and devotion of the officers and the discipline and drill of the soldiers, thanked officers and men for their devotion and bravery, and commended the union of the army and republic, saying: "Thanks to union, France has overcome the terrible event whose recollection will never be effaced from our memory. It is by this union that France has recovered her place in the world."

President Faure conferred the cross of the Legion of Honor upon Gen. Alfred E. Bates, the military attaché of the United States Embassy in London, who has followed the maneuvers. There was great cheering for the army and for France, as the President was leaving the review ground. Socialist Deputy M. Breton refused to uncover as M. Faure passed and was threatened by the crowd with shouts "Down with traitors," "Down with Dreyfus," M. Breton had to make a speedy retreat.

### ADJOURNED.

There Was No Agreement Made Last Night at the City Hall.

City Engineer Postlewaité and the Committee Dis-agree.

The sewerage and sanitary committees met at the city hall last night to take up the matter of the ordinance regulating the tapping of sewers. The two committees had not been able to agree on the matter before, and met for the purpose last night. City Engineer Postlewaité and Inspector Gardner were present to confer with the committees.

The city engineer gave it as his opinion that it would be a bad idea to pass the ordinance before the pumping station is completed, but the necessity of having a pumping station before the people can tap it, is regarded as absurd by the committees, and the inspector, too.

The seven or eight people who tapped the sewers nearly a year ago have never disconnected, not even during high water. The committees desired to make further changes in the ordinance, however, and adjourned to meet again Monday night.

### MCKINLEY'S POSITION.

Washington, Sept. 17.—There is excellent reason for the belief that the instructions of the peace commissioners do not contemplate the retention of the whole group of the Philippine islands by this government. The commissioners are given the broadest latitude with respect to this question, and with the knowledge that the administration is not favorable to the retention of the entire group unless the circumstances render such a thing necessary. The retention of the island of Luzon, however, is a fixed and irrevocable purpose.

### INDIANS ARE STARVING.

Comanches, Kiowas and Apaches Are Going Hungry.

Wichita, Kas., Sept. 17.—The Indians upon the Comanche, Kiowa

and Apache reservations, in the Indian territory, are suffering from hunger. The issue of rations ceased in June and during July and August they managed in one way or another to maintain an existence, but recently they have been making inroads upon the herds of cattle belonging to white men who have leased the grass land. The cattlemen so far have made little objection, as the Indians have no other resources. In some parts of the reservation the destitution has reached an advanced state and the Indians are forced to rely upon game and what cattle may be stolen and killed for subsistence.

## HANNON CONVICTED.

He Is Adjudged Guilty of Man-slaughter, and Given Nine Years—The Jury Out 30 Minutes.

Hannon Killed Will Hall in Mechanicsburg Last February—Had Trouble About Their Wives—Circuit Court.

Thomas Hannon, white, was convicted of manslaughter in the circuit court this morning and sentenced to nine years in the penitentiary. He was charged with the murder of Will Hall.

Attorney Harris finished his speech for the defense yesterday afternoon, and Commonwealth's Attorney Bradshaw finished his argument this morning in half an hour. The jury retired, and in half an hour returned a verdict of guilty of manslaughter, and fixed the punishment at nine years in the penitentiary. Hannon heard the verdict with stolid indifference, but his mother and other relatives wept when they heard it.

The crime for which he was tried was the killing of Will Hall, in a dilapidated building in Mechanicsburg in his own room, last February. Hannon and Hall's wives had gone to Smithland, Hannon's old home, and it was claimed that Hannon's wife persuaded Hall's wife to leave home. Hall went up after her, and he had trouble with the Hannon woman, and had her arrested and committed to jail. He brought his wife back, and as soon as Hannon learned that Hall had had his wife arrested, he went to him and asked about it. They had an altercation, and Hall pursued Hannon out with an ax. Hannon went and got the gun from another room, and returning burst in the door and shot Hall. He was struck in the leg, and died from loss of blood.

It is not known whether an appeal will be taken or not.

T. R. Leach, charged with breaking into a storehouse and stealing wheat, pleaded guilty and was given one year.

Ridge Pearce, colored, who was arrested last week for stealing some clothing and secreting them in a warehouse, was given two months in jail for petty larceny.

The case against Mr. Reuben Burrows, charged with murder, was continued till the next term of court at the instance of the defense.

The petit jurors were then dismissed until Monday morning.

The grand jury this afternoon returned indictments against all the keepers of bawdy houses, and was given another week in which to work.

This afternoon nothing of importance will come up.

The jail cases will be taken up. Money and tried.

## A LONG LIFE ENDED.

Death This Afternoon at 2 O'Clock of Col. H. H. Houston—Had Been Ill For Several Weeks.

Was 62 Years Old and a Prominent Man, Well Known Over the State—Leaves a Daughter, a Brother and Two Sisters.

Col. Henry H. Houston died at 2 o'clock this afternoon at his home corner of Fifth and Monroe streets, after an illness of several weeks from a complication of diseases. He began slowly sinking last night, and dissolution was painless. He had been unconscious for sometime before his death.

The deceased was one of the best known men in Paducah, and was well known all over the state as a political leader. He was born and reared here, being 62 years old. He was a soldier in the confederate army, and at the conclusion of the war returned here and began the practice of law. He became a republican in 1872, and at one time was a candidate for congress, once for attorney general of state and once for lieutenant governor.

He went west a few years ago, and when he returned was converted to the 16 to 1 theory, voting with the democrats.

Four years ago he was a candidate for mayor of Paducah against Mr. Yeiser and Judge Tully, but since that time has kept pretty well out of politics.

Col. Houston was a brilliant man; he was a writer of considerable ability and was a great friend of the press. He was a frequent and welcome visitor at all the newspaper offices here and has been a liberal contributor to some of the papers. He was well known as a speaker of much fame

The last few years of Col. Houston's life were embittered by the ravages of the disease to which he finally yielded, and yet but few people knew of his terrible sufferings.
